Protective gloves	Use latex or vinyl gloves if desired.
Other clothing and equipment	None. Use chemical apron if desired. May discolor clothing.
Work/Hygienic practices	Eye wash station and safety shower.
Section 9 Physical and chemical characteristics	

This document is SilverStream Medical Ltd. proprietary.
Any change in its contents, translation or forwarding without prior permission is prohibited.

Boiling point	Not determined	Specific gravity	Not determined
Vapor pressure (mm Hg)	Not determined	pH	7.25-7.65
Vapor density (Air=1)	Not determined	Evaporation rate	Not determined
Solubility in water	Completely soluble in water		
Appearance and odor	Clear solution with mild menthol odor		
Section 10 Stability and reactivity			
Stability	Stable for 3 years		
Conditions to avoid	High temperatures and direct sun light		
Hazardous polymerization	Not expected		
Section 11 Toxicological information			
Effects of acute overexposure: No reported adverse effects due to overexposure			
Effects of repeated overexposure: No reported adverse effects due to repeated exposure			
Carcinogenicity: No			
Section 12 Ecological information			
No information available			
Section 13 Disposal considerations			
Waste disposal method	Note: dispose all wastes in accordance with federal, state and local regulations.		
Section 14 Transportation requirements			
Ground shipment	Handle with care - Fragile		
Air shipment	Handle with care - Fragile		
Section 15 Regulatory information			
Chemicals known to cause cancer: Ingredients are not listed None of the chemicals in this product are considered highly hazardous by OSHA			
Section 16 Other information			
This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish legally valid contractual relationship.
